

**M. G. HIGNITE**

M. G. Hignite, who never made a speech in his life and who has not tried for 14 years will deliver a speech at 1 p. m. Nov. 1st, next Monday in the Court House, at Barbourville, Ky. on the following subjects.

## THE RISE AND FALL OF KINGDOMS

and

## THE LEAGUE OF NATIONS

Come out and hear him together with other speakers, next Monday, November 1st.

Women surely will come out because it is the last day to decide on the first and most important vote they will ever cast.

### NEW BUILDING AND LOAN ASSOCIATION ORGANIZED.

C. F. Murphy, J. M. Westerfield and T. M. Hughes are Incorporators.

Articles of incorporation for the Ineville Building and Loan Association, were filed with County Clerk Robert Hollinsworth Tuesday. The new company, which is capitalized for \$25,000 and promoted by C. F. Murphy, J. M. Westerfield and T. C. Hughes, expects to begin business next week, maintaining offices for the present in the office of the Kentucky Collieries.

"The object of the association," said Mr. Hughes, "is to help those who would build a home for themselves. Our membership shares will be \$100

payable either \$2 or \$4 a week, paid up all monthly dues bearing interest at 6 per cent. Loans will be made to approved members at the current rate of interest."—Pineville Sun

Barbourville is badly in need of homes to enable us to grow. In fact we have arrived at the end of our tether until new homes are built. Why should not a number of our business men get together and form a building and loan association?

## WEALTHY MEN MAKE PROFITS.

The men of wealth, whom so many people envy, are not much different from the rest.

ONE THING THEY HAVE LEARNED TO DO. They take a good deal of time to budget their expenditures.

By planning, they save; by saving they are always in position with ready money to take advantage of opportunities.

## PRESIDENT'S RECEPTION

At Union College Attended By Large Number of Citizens

On Monday morning a most delightful occasion was celebrated at Union College gymnasium. The spacious floor was strewn with autumn leaves and branches were hung over the walls with a great pile of corn and pumpkins in the center of the room, all carrying out most perfectly the fall season.

The long receiving line was headed by Pres. and Mrs. E. T. Franklin, graciously welcomed the guests, who then passed to the "Old Oaken Bucket" where pretty college girls served refreshing punch. This well was most artistic, carrying out in effect the old open well with its bucket on a rope and trees over it all. However, the drink was served in a much more modern and sanitary way. Ice cream and cake were served also by college students, who were all making a good time of the occasion.

The college band, Prof. Asher's particular "pet", made delightful music in the gallery during the evening. Later Prof. Asher delighted the audience as he always does, with two violin solos and Miss Heger sang two numbers. Miss Heger is becoming a great favorite in Barbourville, and her fine voice is surely appreciated. Miss Mae Carter is a wonderful accompanist and is always ready to assist at the piano where her perfect music attracts much favorable comment.

An unusual treat was enjoyed by all when Mr. Smith, of Scotland, and for years a member of the famous Black Watch Regiment Band, played his bagpipe, marching up and down the large room.

The genial friendliness of such an occasion endears the institution to the home people, who are very proud of U. C.

### HOLDUP AT ARTEMUS.

Two young men named Hendrickson and Barker were brought in from Four Mile Monday accused of holding up Ben Messer in his store at Artemus. Whoever committed the robbery and wore handkerchiefs over their faces and with guns pointed at Mr. Messer they forced him to hand over a gold watch and \$130.00 in money.

Earl Stanfill, of Middlesboro, spent Sunday here with his brothers, Doc and J. S.

## SCHOOL TICKET FOR CITY SCHOOLS.

The following excellent ticket has been registered with E. V. Bargo to serve as trustees for the city schools: Robert W. Cole, Judge W. R. Lay, C. A. Steele, E. E. Evans, J. F. Hawn and Walter Riley. All are fine citizens who have the best interests of the schools at heart. We understand there is no other ticket in the field. If there is any criticism to be made it is that there is not a woman on the ticket.

### TUESDAY CLUB.

The Tuesday Club met on October 19th at the home of Gov. J. D. Black with Miss Gertrude Black as hostess and A. N. Hopper as leader. After the business session a very interesting program was carried out on the "Motion Pictures, or the Movies." Mrs. Ed Faulkner presented a paper on the progress of the mechanical development of the moving picture. Mrs. J. S. Miller presented a paper on "Movies for Everybody"—the possibilities of having them in the home, which proved both entertaining and interesting.

Mrs. Hopper showed many beautiful pictures of movie stars and the ladies were expected to recognize them. An interesting chapter of the past was recalled when each lady told of the first movie she had ever attended.

The following guests were invited to the social hour and their presence was much appreciated:

Mrs. Louis Benninghoff, Ben Kaufman, Russell Kaufman, James Kaufman, Rambau, Curry; Misses Cora Sevier, Charles Baker and Ella Smith.

Daintysalad and ice were served in the dining room.

Autumn colors were carried out in the decorations by the use of beautifully tinted branches and a profusion of dahlias.

### A PLEASANT SURPRISE.

The Ladies Aid of the Presbyterian church could not let the seventy-first birthday of their pastor go by without some expression of their good wishes, so planned a "surprise party," and in a body marched to the home of Dr. Wm. B. Minton on Friday evening bearing their gifts. There were two special features—a cake with seventy-one lighted candles and a fine cravenette overcoat. The affair was greatly appreciated by the pastor and enjoyed by all present.

## Vote for the following Men for Members of the County Board of Education

- 1 J. M. Cole, Fount, Ky.
- 3 Chas. H. Botner, Grays, Ky.
- 6 George Hammons, Flat Lick, Ky.
- 7 J. F. Hutson, Corbin, Ky.
- 9 Joe Davis, Rain, Ky.

1st. The above named men have announced themselves as candidates for membership on the County Board of Education. They are each leaders in their communities and stand for progress in education and for civic righteousness among our people. They have pledged themselves to give Knox County a sober administration of its school affairs and their reputation is such that we know they will keep their pledge.

2nd. It is not only desirable that we have a Board that will give us a worthy leader in our educational affairs but it is necessary that the membership be composed of men who are successful in the conduct of business. The above named men will bring to the duties of their office minds that have been trained in business affairs—thus insuring to us a careful conduct of the finances of the school fund. And representing the different sections of the County as they do will insure all sections just and equal consideration in the distribution of the same.

3rd. Since the women now have equal voting privileges they are especially asked to interest themselves in behalf of this ticket, because they are especially interested in the education of children and the training of the young and know how much importance is attached to the office of County Superintendent, whom the Board of Education now elects, and how desirable it is that the office should be filled by a sober and God fearing man.

It is conceded by the people of Knox County that these men will be elected.—Adv.

## POWERS HEARD BY GREAT CROWD

Anti-League Feeling Is Shown Strongly at Somerset.

Somerset, Ky., Oct. 23.—This town was wild with enthusiasm today. It was "Republican Day" in all that the words mean. For several days the Republicans of this county have been looking forward to the coming of D. C. Edwards and Caleb Powers, two of the strongest and most eloquent Congressmen this district ever had, who were billed here to speak for the Republican ticket.

After Mr. Edwards concluded, Mr. Powers, who has always been very popular here, and who has lost none of his old-time popularity, was introduced and made the most telling and the most wonderful speech that has been made in Somerset during this campaign, or any previous campaign. He confined his remarks to a discussion of the League of Nations. Many speeches have been made here this fall on this subject, but nothing has revealed the iniquities of this document as did the convincing speech of Mr. Powers. It was a rather lengthy discussion, but the large crowd that came to hear these eminent speakers all stayed till the last word was spoken by Mr. Powers.

All present agreed that the speech of Mr. Powers on the League of Nations was the greatest effort that he has ever made in all of his visits here and they all agree that it was the finest speech that was ever delivered here on any subject. Many Democrats were heard to say after the speaking that they proposed to vote the Republican ticket this fall and help to save our country from British domination, and from the dangers of the League of Nations.

Mr. Powers and Mr. Edwards will speak here Monday, Nov. 1, at 1 p. m.

### PUBLIC SPEAKING.

Don C. Edwards and Caleb Powers will speak at the court house in Barbourville, Monday, Nov. 1, at 1 p. m.

Prof. E. E. Bunnell of the B. B. L. Business College, was in Middlesboro Monday. He reports his section of the Institute as doing fine.

Mrs. C. F. Heidrick is back from a trip to Danville, Lexington and Louisville.

Mrs. Lyman R. Benjamin, who has been visiting in Joplin, Mo., returned home last week. Her mother, Mrs. D. Vincent, is remaining in Joplin some time longer.

The Catron garage has sold a 21 model Buick to Henry Clark of the Jellico Grocery Co. Several other people have put in orders for Buicks and these will be supplied as soon as possible.

Chas. Jones and family entertained W. T. Stewart and family Sunday.

## Vote for the following Candidates for members of Knox County Board of Education

S. H. Black, Grays.  
S. M. Miracle, Bryants Store.  
W. H. Davidron, Fount.  
Obie Bargo, Scalf.  
J. H. Haun, Barbourville.

If elected we pledge ourselves to give Knox County a progressive School System. We have not pledged ourselves for or against any individual as we realize that would be a violation of the spirit of the new school law.

The article appearing in the last issue of the Mountain Advocate together with a statement printed on cards and being distributed over the County in favor of certain Candidates for members of the County Board and attacking the administration and character of the present County Superintendent, is both far fetched and unmanly as all fair minded voters will agree.—Adv.

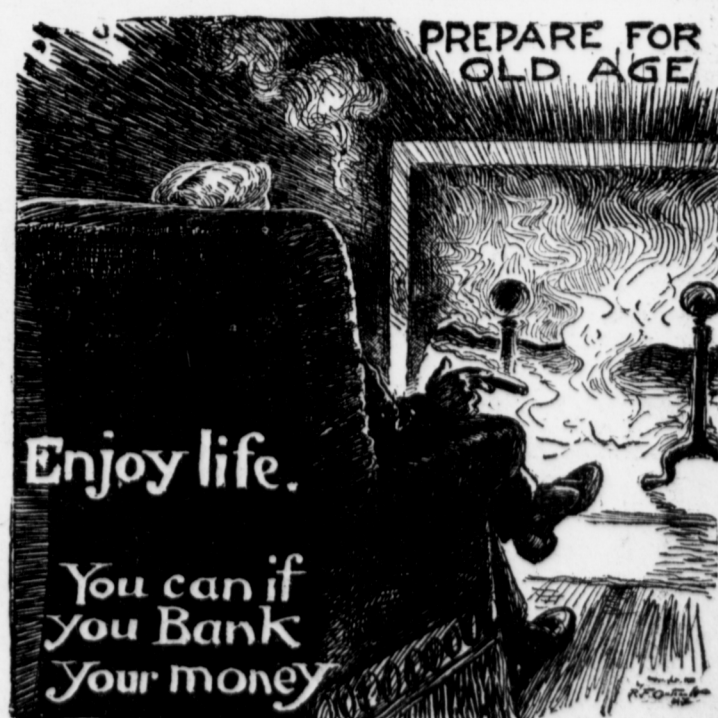

## MISS NEVILLE VISITS BARBOURVILLE.

Miss Lina Neville, representative of the Lake Division, American Red Cross, while here conferring with local Red Cross chapter officials, regarding plans for the approaching Fourth Roll Call of the organization, November 11 to 25, said:

"The Red Cross is going to the American people for the fourth consecutive year asking for membership dollars, but this time with a different end in view, that of service to the community," she said in speaking of the Roll Call. "Red Cross records in the past year show how great is the need for the services of the 'Greatest Mother' At the present time in Ohio, Indiana and Kentucky chapters there are 150 public health nurses, 144 Junior Red Cross units, 38 disaster preparedness committees, 35 chapters teaching First Aid and 85 teaching Home Hygiene and Care of Sick. War work is occupying 284 of the 358 divisions chapters. Sixty-two are extending to civilian families the services given in war time to families of soldiers, sailors and marines."

Development of chapter programs hinges in many cases on the results in membership, of the Fourth Roll Call. Financing of the chapter nurse, maintenance of the Home Service worker and support of health activities depends on the fifty cents of each membership dollar which is retained for local usage. It is easily seen that, with these facts before the chapter executives, the reason why they are asking the people of the community for their renewed membership in the American Red Cross—which is "Still the Greatest Mother in the World."

## SMOKE-SCREEN WILL NOT AID DEMOCRATS DECLARES CHAIRMAN

REPUBLICAN LEADER, IN STATE  
 MENT WHICH FORECASTS G.  
 O. P. VICTORY, SAYS COX  
 MEN ARE AFRAID.

### "WON'T COME OUT IN OPEN"

Chesley H. Searcy, chairman of the  
 Republican State Campaign Commit-  
 tee, made the following statement:

"The most encouraging reports are  
 coming daily into state headquarters.  
 We are becoming more and more con-  
 fident of a sweeping success for the  
 Republican cause in Kentucky, and  
 with the election a little more than  
 two weeks off, it appears certain that  
 the national ticket, with our candidates  
 for the Senate and the House, will be  
 given a majority in this state that will  
 leave no question as to where the peo-  
 ple stand on the issues.

"The State Democratic organization  
 is loathe to have the League of Na-  
 tions or matters of national adminis-  
 tration discussed, because they seem  
 aware that there is little hope for  
 them on that score.

"They evidently are resting most of  
 their hopes upon the use of a smoke-  
 screen, in an effort to interest the peo-  
 ple in so-called issues which, in real-  
 ity, have nothing whatever to do with  
 the present campaign.

"Republicans, many of them repre-  
 senting the best of American thought,  
 have toured Kentucky in the past  
 month, delivery speeches, and the re-  
 markable success of the meetings  
 they have held attests the true feel-  
 ing of Kentucky people.

"We have been much encouraged by  
 the registration figures, but even this  
 has not told the story. The men and  
 women of the rural communities, in  
 Kentucky as elsewhere in the United  
 States, have a change. Nothing has  
 become so distasteful to them as the  
 national Democratic administration.  
 This fact, coupled with the unpopu-  
 larity of the Wilson League of Nations  
 when its obnoxious provisions are un-  
 derstood, gives assurance of a Repub-  
 lican majority on November 2 as mem-  
 orable as that of November 4, 1919."

## FRANKLIN D. FALLS INTO PIT OF HIS MUDDY DIPLOMACY

The recent excursion of Franklin D.  
 Roosevelt, Democratic vice presiden-  
 tial nominee, into the realm of diplo-  
 macy, when he declared that the Uni-  
 ted States would control "about  
 twelve" votes in the League of Na-  
 tions, appears to have ended up dis-  
 astrously.

According to dispatches from Wash-  
 ington, the indignation of a number  
 of foreign diplomats over the Roose-  
 velt statement concerning the League  
 has at last emerged from diplomatic  
 silence to open protest. In his speech  
 at Butte, Mont., Mr. Roosevelt made  
 the blunt statement that although  
 England would have six votes in the  
 League of Nations, the United States  
 would actually control a dozen votes  
 in the League, including those of Cuba  
 and Panama and a group of the lesser  
 West Indian and Central American  
 republics. He even stated that two  
 of these votes had lately reposed in  
 "his own vest pocket," and that they  
 were now to be found about the per-  
 son of Secretary Daniels.

## DEMOCRATS BALK AGAINST COX IN HOME STATE

Under the name of the "True De-  
 mocracy League of Ohio" a powerful  
 section of the Democratic party in  
 Ohio has entered the campaign to op-  
 pose the election of Governor Cox to  
 the presidency, and has opened head-  
 quarters in the Neil House at Colum-  
 bus, Ohio.

Though the League has just deter-  
 mined to help elect Senator Harding  
 to save the country from Cox, it is six  
 years old, and very early in its career  
 it cast 65,999 votes against Cox and  
 his personal ambitions. It promises to  
 wield a mighty influence this fall.

### SALT RIVER AGAIN.

Senator Beckham is making a cam-  
 paign for re-election just about as  
 half-hearted as his record in Congress  
 has been. Evidently Beckham and his  
 backers, if he has any in his own  
 party, are eager enough for another  
 sleeping term in the Senate, but they  
 seem to know that Salt River is about  
 their best bet in this campaign.

Kentucky mountains, you hold the  
 balance of power in this election. Cast  
 your vote.

John H. Catron is in receipt of a  
 letter from his son in San Francisco  
 and another in Oklahoma, in which  
 they state that their respective States  
 are lined up for Harding.

## Laundry Machinery Is Bought

The machinery for the Barbourville  
 Steam Laundry, Incorporated, has been

## RENEWED TESTIMONY

No one in Barbourville who suffers  
 backache, headache, or distressing uri-  
 nary ills can afford to ignore this Wil-  
 liamsburg man's twice-told story. It  
 is confirmed testimony that no resident  
 of this locality can doubt.

J. M. Tuggle, ex-deputy sheriff, Main  
 St., Williamsburg, Ky., says: "I had  
 a dull aching pain in the small of my  
 back and then my loins, which gave  
 me considerable trouble. The kidney  
 secretions were unnatural, and at  
 times too frequent in passage and  
 then again scanty. I concluded to try  
 Doan's Kidney Pills, and got a box. I  
 was not disappointed in the results.  
 They quickly drove away the pains  
 and aches and put my kidneys in good  
 order."

OVER THREE YEAR LATER Mr.  
 Tuggle said: "Doan's Kidney Pills re-  
 lieved me of a bad case of kidney trou-  
 ble a few years ago. I have had very  
 little occasion to use a kidney medicine  
 since. I am always glad to recom-  
 mend them."

### NEW INDUSTRY FOR BARBOUR- VILLE—FARMERS PLEASE NOTE

H. M. Bowman and F. W. Golden  
 are to give Barbourville a new indus-  
 try in the shape of a bottling plant  
 and ice cream plant. Mr. Golden  
 states that they will not only make  
 the best class of ice cream, but that  
 the country people will have the op-  
 portunity to furnish fruits for fruit  
 juices including grapes, which will be  
 bottled to meet the increasing demand  
 for juices created by prohibition. The  
 plant will have a capacity of 800  
 dozen bottles per day.

May we suggest that our farmer  
 friends plant out grape vines this fall  
 so as to meet the demand created by  
 this bottling plant.

We can unquestionably grow grapes  
 and other small fruits, which for juice  
 purposes equal if they do not surpass  
 those of California. Let us begin at  
 once with grapes, strawberries, rasp-  
 berries and improved blackberries,  
 planting to get the earliest production  
 so that the plant may have as much  
 raw material as possible.

We have contended ever since we  
 have been running the Advocate, that  
 the growing of fruit in Knox county  
 will prove to be its major industry  
 and we now have a market for what is  
 grown.

We congratulate the gentlemen  
 above mentioned for their spirit of  
 patriotic development, because we  
 know they have had in mind the ben-  
 efit that will come to our farmers in  
 the creation of a market for fruit  
 products. It is now up to the farmer  
 to see that their faith in the county  
 is proved correct.

We believe it will mean from \$300 to  
 \$500 per acre when we get properly go-  
 ing.

## Ask Your Neighbor!

ALTON PARK, TENN.—"Dr. Pierce's

 in my family with  
 the very best of  
 results. I had a

 giving her Doctor  
 Pierce's Golden  
 Medical Discovery  
 and it gave her  
 more real help than all other medi-  
 cines put together. I have taken  
 'Golden Medical Discovery' for  
 stomach trouble and it was excellent  
 for this ailment; it purifies one's blood  
 and seems to act upon, and build up  
 one's whole system in a good, healthy  
 state. 'Golden Medical Discovery' is  
 a splendid family medicine and I take  
 pleasure in recommending it."—Mrs.  
 J. A. BEAN, 1500 Highland Avenue.

Few folks or families now living have  
 not at sometime or other used Dr.  
 Pierce's Golden Medical Discovery for  
 the stomach, liver or blood. Over  
 twenty-four million bottles of this  
 tonic and blood remedy have been  
 sold by druggists in this country.

 most highly for they have been used

 myself. I have never known such a  
 mild and effective remedy for sluggish  
 liver and constipation as Dr. Pierce's  
 Pleasant Pellets."—Mrs. A. D. HARRIS,

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Pain! Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

## When to Consult An Optometrist

The Optometrist is an acknowledged Eye-Strain Specialist and should be consulted promptly. —When your eyes tire on the reading page blurs easily. When you have frequent headaches. When the muscles around the eyes draw wrinkles and frowns or when you involuntarily partly close the eyes while looking at an object. When you have a gritty, sandy, scratching sensation, as though some foreign substance was in the eye. When the eyes smart and water or the lids get inflamed often. When things become dim or "swim" after being looked at for some time or when you have some nervous derangement that cannot otherwise be accounted for. These are some of the danger signals that should be promptly heeded. There's nothing to gain by delay.

His Reason.  
Speaking of politics and elections, we knew a man once who announced that he would vote for a certain candidate for office. When asked for his reason, he replied that the candidate was his friend. ## Will Rheumatism Again Blind Your Hand and Foot?

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles of this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away. So many cases of Rheumatism come from a tiny germ in the

blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine old blood remedy cleanses the blood of all impurities, and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address: Chief Medical Adviser, 167 West Lombard, Chicago, Ill.

### UNION COLLEGE NOTES.

October's bright blue weather lures us all to the hills whenever there's sufficient leisure for a hike. The Sophomore Academy Class had a rousing good time on their picnic Monday afternoon at Long Hill. They were home in time for study hour. U. C. picnics are a joy to all who are fortunate enough to have a part in them. Miss Fields and Miss Weeks took a horseback ride over the hills to Swan Pond Monday; Misses Carter, Heger, Whittington and Alloway climbed Ballinger and neighboring peaks. We students think it would be great fun if we could go along sometimes as the little mouse in the corner and hear what teachers talk about when they go off for a good time.

Misses Lillie Smith and Flora Burroughs made a flying trip to Middleboro Monday.

Miss Victoria Creech, Robert Stark and his brother spent the week end at their respective homes in Evans, Ky.

Miss Clyda Nelson, of Evans, and May Howard, from White Star, have come to attend school with us. We are glad to welcome them to our numbers and give them such good advice as: Whistle when you get home-sick.

The Rev. F. W. Harrop made us a short visit last week. He brought with him the first installment of his splendid collection of Indian relics, which will become the nucleus of a Union College museum.

Mr. Wyant, of the Western Christian Advocate staff, has been spending a few days with us. He was with us in our class rooms and gave several inspiring talks to the students. He is on a trip through the mountains trying to locate pastors for the churches that are left with vacant pulpits.

The American Library Association of New York City has just sent to our librarian a consignment of eighty valuable books, from the camps over seas.

The Senior class recently elected Mr. James Blair business manager of the College annual, and Daniel Archibald literary editor. The leaders are organizing for enthusiastic work on the annual for 1921.

### SAVED HIS HORSE

Mr. R. L. McIntyre, of Altoona, Ala., says: "Dr. LeGear's Antiseptic Healing Powder quickly healed some bad wire cuts on my horse. I defy any stranger to find the slightest scar on him."

Dr. LeGear's Advice and Remedy saved this valuable animal. He warns you not to leave a wound, sore or cut exposed, but to dust on Dr. LeGear's Antiseptic Healing Powder, which instantly forms an antiseptic protection and promotes healthy healing.

In his 28 years of Veterinary Practice and Expert Poultry Breeding, Dr. LeGear has compounded a remedy for every curable ailment of stock or poultry. Whenever they require a remedy, it will pay you, as it did Mr. McIntyre, to purchase from your dealer the proper Dr. LeGear Remedy, on a satisfaction, or money back guarantee.—Adv.

### TYPHOID EPIDEMIC PROBABLE.

"The Lord gave and the Lord taketh away."

Which brings us to the fact that should the open sewer in the Public Square or the bursting sewer in the Public Square burst, provide typhoid germs for the flies to carry to the tables of those living in this neighborhood, we shall call a minister of the Gospel and again insult Almighty God by the use of the above words.

There is a case of imported typhoid in the Public Square and we do not doubt that every precaution is being taken to avoid the spread of the disease by those in charge, but it is a difficult job.

Dr. Albright says there is danger of the disease spreading from the sewers mentioned. He has done all he can. The matter is in the hands of the County Court and there the responsibility for the condition squarely rests. Warrants have been issued by Judge J. D. Tuggle and the County Health Officer has asked the County Attorney to issue them.

Those sewers may cost lives at any time. Who will be responsible? The Creator, or man?

Dr. Albright has fought practically single-handed for two years to remove this menace and for two years his work has been calmly negatived. Someone is responsible. Who?

## DR. THACHER'S LIVER AND BLOOD SYRUP

35

When you're clogged up by CONSTIPATION, jaundiced by a torpid LIVER, devitalized by poor BLOOD or soured by DYSPEPSIA, your case calls for Dr. Thacher's Liver and Blood Syrup—an old physician's famous prescription, in successful use for 68 years as an all-around family medicine.

### "From His Heart"

Mr. B. J. Hatcher, of Shell Bluff, Ga., says: "I am going to give you a testimonial that is from my heart. I would not be without DR. THACHER'S LIVER AND BLOOD SYRUP in my home and will try my very best to get it into every home in my locality. I take it and my wife and children take it whenever we see even the least indication of a coated tongue, since we know that the tongue is the thermometer of the stomach."

# Open Your Eyes!

Kentucky Men and Women, We Must  
Awake to the Danger that Confronts  
Our Homes and Our Country.

We must be rid of those who are gaz-  
ing at the stars, and elect Americans  
whose feet are planted firmly on the  
soil of their native land.

It is not putting it too strongly to say that America is facing peril.

The waves stirred by the war have not receded. The whole world is in turmoil and trembles in uncertainty.

In America, industry, commerce and society are threatened by a wave of mental unrest.

High prices, business uncertainty, Bolshevism and even anarchy, disturb our people. We must get back to normal. Sane, sober thinking must take the place of reckless agitation.

In England, the storm has broken and the constitutional government is on trial for its life. This storm must not break in America.

Our big problem is to steer a straight course. All the brains, calm judgement, cool-headedness and fair dealing that America possesses must be called into play.

Since the signing of the armistice, the Democratic Administration has failed utterly to allay this spreading unrest. In fact by its policy of weakness, it has destroyed the confidence of the people. It has demonstrated its inability to meet this crisis.

While this storm was growing in fury, the Democratic Administration was engaged in settling world problems, neglecting entirely the pressing danger to our own national life.

The Wilson League of Nations, an ephemeral dream as brought back from Paris, has consumed all of this Democratic Administration's time, all of its thought and action.

They have had no time for home affairs.

The business of this nation, the safety of our homes, the perpetuation even of our constitutional form of government must be put in the hands of men whose feet are planted firmly upon the soil of America, and whose eyes can see the dangers ahead, instead of scanning the heavens for new stars.

We are proud that our nation is the greatest democracy that the world has ever known. But this democracy is to be tried by a test more severe than war—a test that shall try our moral courage.

And we will stand this test because the heart of America is sound and the judgement of American men and women is safe.

We must elect a Republican administration that will call into service the strongest minds and stoutest hearts of our nation to help in guiding our course to safety.

## HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk  
Purgative With Calotabs, the  
Purified and Refined Calomel  
Tablets that are Nausea-  
less, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess, calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (Adv.)

The Annual Reception of the Parent Teachers Association will be held at the High School next Friday afternoon.

There will be services both morning and evening at the Presbyterian Church October 31st.

Mrs. M. G. Hignite and two little sons, Louis and M. G. Jr., returned home Wednesday from Knoxville after a week's visit with Mr. and Mrs. J. B. Gates.

Mrs. Louis Benninghoff will leave next Tuesday for Texas.

Mrs. Louis Chappell spent some days with Mrs. W. S. Hudson the first of the week.

Wm. Dozier, brother-in-law of Mrs. Fannie Sampson, was hit by a train in Corbin Wednesday and quite severely injured.

### HOW TO BECOME A NURSE

Any woman with intelligence and "motherly" instinct can learn to be a practical nurse and earn from fifteen to twenty-five dollars a week. If you cannot spend three years in a hospital or are past the hospital age, study a common-sense book, called "Nursing in the Home," by Lee H. Smith, M. D. This book is written in a way that is easy to comprehend. It will teach you how to recognize different diseases; how to take temperature; how to take care of fever patients; how to give baths; all about the sick room. It treats of burns and scalds, broken limbs, bleeding from wounds (bandaging), drowning, fainting—almost every contingency is covered.

Many pages are devoted to Hygiene, Anatomy, Physiology and Medicine. It contains advice for mothers and tells how to care for infants.

This 500-page book, bound in handsome red cloth, is worth \$2.00 but for a limited time can be secured by sending fifty cents to the publishers, World's Medical Press, 652 Washington Street, Buffalo, N. Y.—Adv.

The Very Latest Styles

Every young man in Knox County has the opportunity of buying his Winter Clothes at Cost

Please do not take up our time by asking us to cut prices because they are cut in the first place as low as we can possibly stand.

Space will not permit us to quote prices on all our BARGAINS, but a visit to our store will permit you to see what we have for sale and to save money on your clothing

Remember the Date Oct. 23.

Every dollar saved is a dollar earned. We are making sacrifices in prices to advertise our store and increase the number of our friends. We invite you to come and see us.
